Safety Testing of Products

Edmund Fowles, EF Chemical Consulting

Prices include a special Aromantic home formulator discount. Dr Edmund Fowles, CChem, MRSC is an experienced industrial chemist and technical manager with a career gained within international specialty chemicals companies. As an extra service, he can also ensure the label complies with EU regulations (some of your may be interested in this, as its quite confusing for newcomers to the industry).

Alan Pettit, AFP Chemical Consultancy

Alan Pettit is a highly qualified and professional hands-on chemist with over 30 years of experience in all aspects of the essential oils, fragrance, flavour, cosmetics and pharmaceutical industries, including 18 years as Technical Manager for Chanel. Past involvement has included distillation of essential oils, solvent extraction of botanical feedstocks, manufacture of botanical isolates, as well as the formulation and manufacture of a wide range of personal care products including fine fragrances and cosmetics. In addition to being a Chartered Chemist and Member of the Royal Society of Chemistry he is also a Member of the Society of Cosmetic Scientists, a Chartered Scientist and European Chemist. You can arrange your free initial consultation by visiting his website.

Alan says: "Included in the fee, clients get technical backup, help with brainstorming, blue sky thinking, help with ingredient listings, packaging, creating their Product Information Pack etc, etc on an ongoing basis. These rates are on the assumption that clients can supply all the necessary documents. It does not include such things as Microbial Challenge Testing/ Stability Studies but these are available at an additional charge."
